

SPECIAL OFFER FOR ISCA MEMBERS

Go skiing with ISCA, is an initiative taken by our friends from "La Ligue de l'enseignement" in France. They are very interested to get a cooperation between ISCA member organisations started, especially in the field of sport and tourism.

This offer is a kind of "last minute proposal". Most groups will need more time to prepare and finance their stay, in that regard this offer might come late, but it is certainly a good opportunity to begin with.

Please find essential details about one week on full board, with skipasses and ski material rental in La Plagne 1800.

Please also note that the period is still open for other bookings. We will regularly inform you about our availability.
